• Benefits

Thermal bonded and therefore
free from chemical binders.
Effective and high dust
absorption, which means fewer
cloths are required. Resealable
zip-lock bag.

• Impregnation

Excellent, full-surface
impregnation based on mineral
oil (Petroleum). The cloth does
not dry out and remains 2 years
in very good condition.

• Properties

Due to the very effective
impregnation, the cloth
guarantees very good dust
absorption.
