Dust binding cloth impregnated

6098095

Hard-wearing dust binding cloth. Impregnated with mineral oil. For use on closed and sleek floors.

Spezifikation

- Size: 60 x 25 cm
- Material: 100% PP
- Weight: 17 g/m²
thereof 3 g/m² are Impregnation
- Color: white
- PU: 10/100

• Benefits

Environmentally friendly, due to less material, less volume and and therefore easier transport and ultimately less waste. Contains 20% recycled material. Resealable packaging.

• Impregnation

Excellent, full-surface impregnation based on mineral oil (Petroleum). The cloth does not dry out and remains in very good condition for up to 2 years.

• Properties

Due to the very effective impregnation, the cloth impresses with very good dust absorption. Very high quality despite its low weight.
