

BRAND- QUALITY

A large selection of our cleaning products is now also available as our own brand SITO. Small sales units of professional quality, ideally adjusted to market expectations.

... so geht sauber!

PRIVATE LABEL

Sito's own brand is an attractive alternative to the Sito Professional-Line. Comparable quality at a favourable price. Our private-label products stand for quality and performance, tailored to the needs of the market.

Some of our own brand products are also certified to OEKO-TEX Standard 100 and are primarily manufactured in the EU. The presentation of the articles is both simple and contemporary, labelled in several languages and therefore also internationally practicable.
